

## (D) FOR EFFICIENCY

- **Type of project** : 5 Events
- **Duration** : five days
- **Beneficiaries** : All

### DESCRIPTION

(D) for Efficiency project was created from the fundamental belief that companies ought to see beyond the “(D)” and consider the Efficiency that people with disabilities are, in fact, capable of applying in their everyday tasks.

- D for DIVERSITY
- D for DIFFERENCE
- D for DYNAMISM
- D for RIGHTS (= “Direitos”, in Portuguese language)
- D for DUTYS

(D) for EFFICIENCY Project was designed to ensure an adequate response, acknowledging skills and capabilities of to promote inclusion of people with disabilities in the Labor Market, specifically in the City of Porto, by acknowledging their skills and capabilities.

In a combined effort, several organizations shared the same vision in order to promote social inclusion by deconstructing prejudice, and by informing and sensitizing companies for the integration of these professionals in the Labor Market.

### KEY FIGURES

- 17 beneficiaries
- 9 companies
- 7 partners
- 8 trainers

### GOVERNANCE

It was established a joint task force based on all of the involved organizations (CdM Porto, AEP, APPC, Associação Salvador, IEFPP, IPP, UPORTO, Aliados Consulting and SAOM)

All partners were involved and contributed throughout the project within a series of meetings. The project was elaborated step-by-step according to two lines of intervention:

- Sensitizing companies to the benefits/supports of recruiting professionals with disabilities;
- Capacitation program in order to enhance professional and employability competencies from participants

## FUNDING

As for FUNDING, mainly as for the several initiatives that took place along the stages of the project, each organization that held the initiative was responsible for funding it

## QUALITY

All the initiatives from this project were subjected to assessment (questionnaires filled by our mutual partners). The last event (Speed Recruitment) – directed to users – was also subject to evaluation, but, in this case, in a follow up presential meeting. In sum, users indicated that this project contributed to boost their self confidence, enhanced their interpersonal skills, emotional management, and the capacitation sessions contributed to their employability skills.
